

BUILDER'S RANGES 2023

Nero

Nero

Builders Range

Nero has designed a collection of builder/project style tapware that is adaptable to the budget conscious consumer as well as project and volume builders. The range contains 4 collections and up to 5 different colours specifically designed and manufactured to stand up to day-to-day use. All come with a full range of accessories to compliment the overall look and feel of the space. This is backed by our warranties and guarantees to ensure the experience with our products is a memorable one.

For the ultimate convenience our latest evolution is the Universal Body allowing flexibility for both the builder and consumer.

UNIVERSAL BODY

Consumer Advantage

Fit off universal bodies during rough in stage allowing the customer to delay their design decision until later in the build cycle. This way the customer can continue to monitor the most current trends around style and colour as they continue to evolve their interior design theme.

Installers Advantage

This is of great benefit to the plumber who does not have to store the trim kits until fit off thus reducing storage cost, damage, or theft. In addition, they can also purchase universal bodies from their merchants in quantities saving valuable time.

Collection Options

Universal bodies are available for most of our builders collections, allowing the customer to select from up to 5 colour options. This will continue to evolve, as we design and manufacture future collections.

Switch Styles

The benefit of our universal body for the future is the ability to change styles and colour by simply replacing the trim kit, this will take a matter of minutes with no need to remove or damage tiles or the walls surface.

ECCO RANGE

Our Ecco collection is solid yet stylish, with beautiful curves and a design aesthetic that screams minimalist. These elegant mixer taps come in a wide range of colours to suit any space, including chrome, matte black, brushed nickel. For an easy update to any bathroom, kitchen or laundry, look no further than our Ecco range of beautiful tapware.

DOLCE RANGE

Simple and classic without compromising on style, our Dolce collection is one of our most popular – and for good reason. Providing consumers with a beautifully designed, high quality option that is also affordable, the Dolce collection is our way of ensuring that Australian households, rental properties and commercial ventures are able to stay on trend without blowing the budget. And the Dolce collection provides the 3 most popular finishes (chrome, matte black, brushed nickel) and a more complete range for individual choice. You won't get a better-looking product that will give you equal value for money...

CELIA RANGE

With its strong edges and streamlined design, the Celia collection will add a trendy touch to any bathroom, kitchen or laundry space. Its well-defined edges and elegant curves are perfectly complemented by the gorgeously rounded taps for a look that is luxurious and modern.

Here at Nero Tapware, our designers work hard to understand current trends and the evolving needs of Australian families and property owners. In addition to updating existing designs, we also make it a point to stay abreast of industry developments in order to give our customers the best product we can offer. Like all of our collections, our Celia range also comes with a water saving feature to minimise wastage.

4. The warranty period commences from date of purchase, or for new buildings from date of handover.

5. To make a warranty claim, the customer must either contact the seller from which the customer purchased the goods, or contact the Supplier directly by telephone on (03) 8786 3170, by email at warranty@nerotapware.com.au, by fax at (03) 8786 3175 or using the online claim form at <https://nero-warranty.tradieconnect.me/admin/custom/api/warrantyform1/?service=2600&-serviceselect=2600&status=5>. The claimant must provide proof of purchase or equivalent documentation such as handover documentation for new homes.

6. The expense of claiming on the warranty will be borne by the customer claiming on the warranty.

7. This warranty covers the repair or, at Supplier's option, replacement of any goods which are defective through faulty manufacture or materials, free of charge and labour. The Supplier reserves the right to alter, or amend this warranty offer in writing at any time. The Supplier reserves the right to provide minor components (eg. Handles, aerators, buttons, dress rings, spindle/cartridges and seals) as 'Parts Only' to the customer. This warranty does not cover any claims for labour, additional products or parts associated with allegedly faulty goods for work not approved in advance in writing by the Supplier.

8. For installed goods, the Supplier requires adequate access to assess the goods, fittings and fixtures to assess any warranty claim, and to undertake any warranty repairs. The Supplier will not be responsible for any consequential damage or costs where adequate access to goods, fittings or fixtures is not provided.

9. For discontinued or unavailable goods, the Supplier may replace the goods with equivalent current or available goods, using best endeavours to match the appearance and specifications of the original goods.

10. Supplier's obligations under warranty are limited to the repair or, at Supplier's option, replacement of any products of any products which are defective through faulty workmanship or materials. To the extent permitted by law, Supplier will not be liable for any loss to furniture, floor coverings, walls, fixtures or any consequential loss of any kind caused by any defect in the product components.

11. This warranty does not cover defects caused by or arising from any of the following:

- 11.1. goods installed by a person other than a licenced plumber. This does not apply to bathroom accessories such as towel rails, shelves, etc;
- 11.2. goods not installed to relevant national standards or state regulations;
- 11.3. tapware exposed to water pressures and/or temperatures that exceed stated limitations as per the standard installation instructions. Note: AS/NZS 3500.1:2003 specifies 500kPA maximum water supply pressure at any outlet within a building for new installations;
- 11.4. fitting of other devices to the outlet of tapware (eg water filters);
- 11.5. fitting of in tap body or end of line water flow regulating devices that have not been approved by Supplier;
- 11.6. products used for incorrect applications, non-potable water, etc;
- 11.7. damage as a result of obstruction due to inadequate flushing of system before use;
